

# HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 167 DROUGHT CONTINGENCY AND WATER CONSERVATION

## Notice to Customers

Harris County Utility District No. 167 (the “District”) water system repairs are complete. The District is implementing stage 1, **voluntary restrictions** in their Drought Contingency and Water Conservation Plan.

### **Stage I- Voluntary Water Restrictions**

Voluntary restrictions are as follows:

- Water Customers with **Even Numbered Address** (and those responsible for watering common areas such as esplanades and sports fields), are requested to only irrigate landscaped and other areas on **Even Numbered Calendar days**, between the hours of **10:00 am to 6:00 pm** and **Midnight to 6:00 am on the designated watering day**. (See example below)
- Water Customers with **Odd Numbered Address** are requested to only irrigate landscaped and other areas on **Odd Numbered Calendar days**, between the hours of **10:00 am to 6:00 pm** and **Midnight to 6:00 am on the designated watering day**. (See example below)
- Water Customers are requested to practice water conservation and to minimize or discontinue Non-essential Water Uses.
- All outdoor uses are voluntarily **restricted** between the hours of **6:00 am to 10:00 am** and **6:00 pm to 12:00 am** (midnight)

The Board of Directors appreciates your cooperation. If you have any questions or concerns regarding this policy, please contact H<sub>2</sub>O Consulting at **281-861-6215**, or visit Harris County MUD No. 167 webpage at **[www.h2oconsulting.net](http://www.h2oconsulting.net)**.
