INDEPENDENT AUDITOR'S REPORT

Board of Directors Harris County Municipal Utility District No. 167 Harris County, Texas

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Harris County Municipal Utility District No. 167 (the "District") as of and for the year ended May 31, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of May 31, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Directors Harris County Municipal Utility District No. 167

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the Water District Financial Management Guide is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide an assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED MAY 31, 2023

Management's discussion and analysis of Harris County Municipal Utility District No. 167's (the "District") financial performance provides an overview of the District's financial activities for the year ended May 31, 2023. Please read it in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's financial report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position presents the District's assets, liabilities and, if applicable, deferred inflows and outflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, operating costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED MAY 31, 2023

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI"). The budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities by \$14,406,148 as of May 31, 2023.

A portion of the District's net position reflects its net investment in capital assets (water and wastewater facilities, less any debt used to acquire those assets that is still outstanding). The District uses these assets to provide water and wastewater services. The following is a comparative analysis of government-wide changes in net position:

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED MAY 31, 2023

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED MAY 31, 2023

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of May 31, 2023, were \$16,606,506, a decrease of \$1,200,080 from the prior period.

The General Fund fund balance decreased by \$20,494, primarily due to operation and capital outlay costs exceeding property tax and service revenues.

The Debt Service Fund fund balance decreased by \$919,236, primarily due to the structure of the District's outstanding debt service requirements.

The Capital Projects Fund fund balance decreased by \$260,350.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors did not amend the budget during the current year. Actual revenues were \$1,909,636 more than budgeted, actual expenditures were \$2,186,267 more than budgeted and actual transfers in were \$83,554 less than budgeted, which resulted in a negative variance of \$360,185. For more information, refer to the budget versus actual comparison.

CAPITAL ASSETS

Capital assets as of May 31, 2023, total \$58,897,639 (net of accumulated depreciation and include land, as well as the water, wastewater, drainage and recreational facilities).

Capital Assets At Period-End, Net of Accumulated Depreciation

	2023	2022	Change Positive (Negative)
Capital Assets Not Being Depreciated:

Total Net Capital Assets	\$ 58,897,639	\$ 60,235,898	\$ (1,338,259)

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED MAY 31, 2023

LONG-TERM DEBT ACTIVITY

As of May 31, 2023, the District had total bond debt payable of \$61,765,000. The changes in the debt position of the District during the year ended May 31, 2023, are summarized as follows:

Bond Debt Payable, June 1, 2022	\$ 66,155,000
Less: Bond Principal Paid	 4,390,000
Bond Debt Payable, May 31, 2023	\$ 61,765,000

The District's Series 2012 and 2014 bonds carry an underlying rating of "A" and the District's Series 2015, 2016 Refunding, 2018, 2019, 2019A Refunding, Series 2020 Refunding and Series 2022 bonds carry an underlying rating of "A3". The District's bonds carry insured ratings of "AA" by virtue of bond insurance issued by Assured Guaranty Municipal, Build America Mutual, or Assured Guaranty Municipal Corp. The above ratings reflect all rating changes, if any, during the fiscal year ended May 31, 2023.

CONTACTING THE DISTRICT'S MANAGEMENT

This financial report is designed to provide a general overview of District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Harris County Municipal Utility District No. 167, c/o Allen Boone Humphries Robinson LLP, 3200 Southwest Freeway, Suite 2600, Houston, Texas 77027.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION MAY 31, 2023

Total Fund Balances - Governmental Funds	\$ 16,606,506
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Interest paid in advance as part of a refunding bond sale is recorded as a deferred outflow in the governmental activities and systematically charged to interest expense over the remaining life of the old debt or the life of the new debt, whichever is shorter.	1,159,631
Prepaid bond insurance in governmental activities is not a current financial resource and, therefore, is not reported as an asset in the governmental funds.	31,805
Land, construction in progress and capital assets used in governmental activities are not current financial resources and, therefore, are not reported as assets in the governmental funds.	58,897,639
Deferred inflows of resources related to property tax revenues and penalty and interest receivable on delinquent taxes for the 2022 and prior tax levies became part of recognized revenue in the governmental activities of the District.	337,337
Certain liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. These liabilities at year end consist of:	
Accrued Interest Payable \$ (487,155)	
Bonds Payable (62,139,615)	 (62,626,770)
Total Net Position - Governmental Activities	\$ 14,406,148

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED MAY 31, 2023

Net Change in Fund Balances - Governmental Funds	\$ (1,200,080)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	47,580
Governmental funds report penalty and interest revenue on property taxes when collected. However, in the Statement of Activities, revenue is recorded when penalties and interest are assessed.	18,141
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	(2,535,437)
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.	1,197,178
Governmental funds report bond principal payments as expenditures. However, in the Statement of Net Position, bond principal payments are reported as decreases in long-term liabilities. Governmental funds report interest expenditures on long-term debt as expenditures	4,390,000
in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.	 (53,606)
Change in Net Position - Governmental Activities	\$ 1,863,776

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTE 1. CREATION OF DISTRICT

Harris County Municipal Utility District No. 167, of Harris County, Texas (the "District"), was created effective July 25, 1978, by an Order of the Texas Water Commission, presently known as the Texas Commission on Environmental Quality (the "Commission"). Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, sanitary sewer service, storm sewer drainage, irrigation, solid waste collection and disposal, including recycling, and to construct parks and recreational facilities for the residents of the District. The District is also empowered to contract for or employ its own peace officers with powers to make arrests and to establish, operate, and maintain a fire department to perform all fire-fighting activities within the District. The Board of Directors held its first meeting on January 4, 1984 and sold its first series of bonds on March 30, 2004.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB"). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District's financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting ("GASB Codification").

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Financial Statement Presentation</u> (Continued)

- Net Investment in Capital Assets This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds - The District has three governmental funds and considers each to be a major fund.

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>General Fund</u> - To account for resources not required to be accounted for in another fund, customer service revenues, operating costs, and general expenditures.

<u>Debt Service Fund</u> - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

<u>Capital Projects Fund</u> - To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if it is collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include taxes collected during the period and taxes collected after period-end, which were considered available to defray the expenditures of the current year. Deferred inflows of resources related to property tax revenues are those taxes that the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements, and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Capital Assets</u> (Continued)

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$5,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Buildings	40
Water System	10-45
Wastewater System	10-45
Drainage System	10-45
All Other Equipment	3-20

Budgeting

An annual unappropriated budget is adopted for the General Fund by the District's Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the original budget compared to the actual amounts of revenues and expenditures for the current year.

Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service has determined that fees of office received by Directors are considered wages subject to federal income tax withholding for payroll tax purposes only.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District does not have any nonspendable fund balances.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTE 3. LONG-TERM DEBT (Continued)

(1) Or any date thereafter, at a price equal to the principal amount thereof plus accrued interest to the date fixed for redemption. Series 2012 term bonds maturing on September 1, 2023, September 1, 2027, and September 1, 2031, and are subject to mandatory redemption on September 1, 2021, September 1, 2024, and September 1, 2028, respectively. Series 2014 term bonds maturing on September 1, 2027, September 1, 2029, September 1, 2031, September 1, 2033, and September 1, 2035, are subject to mandatory redemption on September 1, 2026, September 1, 2028, September 1, 2030, September 1, 2032, and September 1, 2034. Series 2019 term bonds maturing on September 1, 2034 are subject to mandatory redemption on September 1, 2033. Series 2020 Refunding term bonds maturing on September 1, 2029, September 1, 2032, and September 1, 2037 are subject to mandatory redemption on September 1, 2027, September 1, 2030, and September 2036, respectively. Series 2022 term bonds maturing on March 1, 2033, March 1, 2035, March 1, 2037 and March 1, 2039 are subject to mandatory redemption on March 1, 2032, March 1, 2034, March 1, 2036, and March 1, 2038 respectively

The following is a summary of transactions regarding bonds payable for the year ended May 31, 2023:

	 June 1, 2022	Α	Additions	R	etirements	May 31, 2023
Bonds Payable Unamortized Discounts Unamortized Premiums	\$ 66,155,000 (56,343) 477,019	\$		\$	4,390,000 (3,316) 49,377	\$ 61,765,000 (53,027) 427,642
Bonds Payable, Net	\$ 66,575,676	\$	-0-	\$	4,436,061	\$ 62,139,615
		Amo	unt Due With unt Due After ls Payable, No	One		\$ 3,595,000 58,544,615 62,139,615

At a bond election held within the District on January 21, 1984, the voters of the District authorized the issuance of \$41,210,000 principal amount of unlimited tax bonds. The District previously issued \$5,920,000 of Series 2004 unlimited tax bonds. At a second bond election held within the District on May 15, 2004, the voters of the District authorized the issuance of \$88,210,000 principal amount of unlimited tax bonds and cancelled the remaining authorized but unissued bonds from the first bond election. As of May 31, 2023, the District had authorized but unissued bonds in the amount of \$5,755,000 for water, sanitary sewer and drainage bonds, \$55,245,000 for refunding bonds and \$6,465,000 for parks and recreational facility bonds.

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTE 3. LONG-TERM DEBT (Continued)

As of May 31, 2023, the debt service requirements on the outstanding bonds were as follows:

Fiscal Year	 Principal	Interest		Total
2024	\$ 3,595,000	\$	1,918,954	\$ 5,513,954
2025	3,635,000		1,822,051	5,457,051
2026	3,390,000		1,721,956	5,111,956
2027	3,895,000		1,611,932	5,506,932
2028	3,670,000		1,484,252	5,154,252
2029-2033	19,560,000		5,672,006	25,232,006
2034-2038	19,695,000		2,508,910	22,203,910
2039-2040	 4,325,000		163,498	4,488,498
	\$ 61,765,000	\$	16,903,559	\$ 78,668,559

The bonds of the District are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount.

During the year ended May 31, 2023, the District levied an ad valorem debt service tax rate of \$0.51 per \$100 of assessed valuation, which resulted in a tax levy of \$5,508,163 on the adjusted taxable valuation of \$1,080,031,794 for the 2022 tax year. The bond resolutions require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 for the maintenance tax levy.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

NOTE 4. SIGNIFICANT BOND RESOLUTION AND LEGAL REQUIREMENTS

The bond resolutions state that any profits received from the investment of any money in any fund or account created by the resolution shall be placed into such fund or account of the District.

The bond resolutions state that the District is required to provide continuing disclosure of annual financial information and operating data with respect to the District to the Municipal Securities Rulemaking Board. The information, along with the audited annual financial statements, is of the general type included in the annual audit report and must be filed within six months after the end of each fiscal year of the District.

The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the bonds, within the meaning of Section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on the five-year anniversary of each use.

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes. Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At year end, the carrying amount of the District's deposits was \$3,545,652 and the bank balance was \$3,735,147. The District was not exposed to custodial credit risk at year-end.

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at May 31, 2023, as listed below:

	Cash			of Deposit	 Total
GENERAL FUND	\$	302,954	\$	1,440,000	\$ 1,742,954
DEBT SERVICE FUND		122,047		1,680,000	1,802,047
CAPITAL PROJECTS FUND		651			 651
TOTAL DEPOSITS	\$	425,652	\$	3,120,000	\$ 3,545,652

<u>Investments</u>

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in Texas Cooperative Liquid Assets Securities System Trust ("Texas CLASS"), an external public funds investment pool that is not SEC-registered. Public Trust Advisors, LLC serves as the pool's administrator and investment advisor. The pool is subject to the general supervision of the Board of Trustees and its Advisory Board. UMB Bank, N.A. serves as custodian for the pool. Investments held by Texas CLASS are priced to market on a weekly basis. The investments are considered Level I investments because their fair value is measured by quoted prices in active markets. The fair value of the District's position in the pool is the same as the value of the pool shares. There are no limitations or restrictions on withdrawals from Texas CLASS.

The District records its investments in certificates of deposit at acquisition cost.

As of May 31, 2023, the District had the following investments and maturities:

Fund and Investment Type	Fair Value	Maturities of Less Than 1 Year
GENERAL FUND Texas CLASS	\$ 7,743,043	\$ 7,743,043
Certificates of Deposit	1,440,000	1,440,000
DEBT SERVICE FUND		
Texas CLASS	4,209,402	4,209,402
Certificates of Deposit	1,680,000	1,680,000
CAPITAL PROJECTS FUND		
Texas CLASS	2,650,994	2,650,994
TOTAL INVESTMENTS	\$ 17,723,439	\$ 17,723,439

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At May 31, 2023, the District's investments in Texas CLASS were rated AAAm by Standard and Poor's. The District manages credit risk by typically investing in certificates of deposit with balances below FDIC coverage.

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investment in Texas CLASS to have a maturity of less than one-year due to the fact the share position can usually be redeemed each date at the discretion of the District, unless there has been a significant change in value. The District manages interest rate risk by investing in certificates of deposit with maturities of one year or less.

Restrictions

Cash and cash equivalents of the Debt Service Fund are restricted for payment of debt service and the cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

NOTE 6. CAPITAL ASSETS

Capital asset activity for the year ended May 31, 2023:

	June 1,			May 31,
	2022	Increases	Decreases	2023
Capital Assets Not Being Depreciated				
Land and Land Improvements	\$ 632,076	\$	\$	\$ 632,076

Total Capital Assets Not Being Depreciated	\$ 848,345	\$ 1,197,178	\$ 208,866	\$ 1,836,657
Capital Assets Subject to Depreciation				
Water System	\$ 24,386,555	\$ 50,560	\$	\$ 24,437,115
Wastewater System	32,273,446			32,273,446
Drainage System	24,144,648			24,144,648
Recreational Facilities	5,037,308	158,306		5,195,614
Total Capital Assets Subject to Depreciation	\$ 85,841,957	\$ 208,866	\$ -0-	\$ 86,050,823
Accumulated Depreciation				
Water System	\$ 7,615,808	\$ 744,928	\$	\$ 8,360,736
Wastewater System	10,291,893	1,108,120		11,400,013
Drainage System	6,508,844	536,548		7,045,392
Recreational Facilities	2,037,859	145,841		2,183,700
Total Accumulated Depreciation	\$ 26,454,404	\$ 2,535,437	\$ -0-	\$ 28,989,841
Total Depreciable Capital Assets, Net of Accumulated Depreciation	\$ 59,387,553	\$ (2,326,571)	\$ -0-	\$ 57,060,982
Total Capital Assets, Net of Accumulated Depreciation	\$ 60,235,898	\$ (1,129,393)	\$ 208,866	\$ 58,897,639

The District has financed certain drainage facilities which have been conveyed to other entities for maintenance.

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTE 7. MAINTENANCE TAX

On August 8, 1992, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$1.50 per \$100 of assessed valuation of taxable property within the District. On November 7, 2006, the voters of the District approved expanding the use of the maintenance tax for the purpose of planning, constructing, acquiring, maintaining, repairing, and operating parks and recreational facilities. During the year ended May 31, 2023, the District levied an ad valorem maintenance tax rate of \$0.365 per \$100 of assessed valuation, which resulted in a tax levy of \$3,942,117 on the adjusted taxable valuation of \$1,080,031,794 for the 2022 tax year.

NOTE 8. UNREIMBURSED DEVELOPER COSTS

In accordance with various Financing and Reimbursement Agreements, Developers within the District construct water, sewer, and drainage facilities within the District. The District agrees to reimburse the Developers for these construction and related engineering costs plus interest at an interest rate no greater than the interest rate on the bond issue. Any reimbursement from bond proceeds is contingent upon receiving approval from the Texas Commission on Environmental Quality, the Attorney General of the State of Texas and the actual sale of bonds. No amount has been recorded as Due to Developer as of May 31, 2023.

NOTE 9. EMERGENCY WATER SUPPLY AGREEMENTS

Northwest Harris County Municipal Utility District No. 12

On May 15, 1985, the District executed an Emergency Water Supply Contract with Northwest Harris County Municipal Utility District No. 12 ("District No. 12") and between the respective Developers within each district. Each district agreed to share in the cost of the interconnect facilities; however, since each district was without available funds for this purpose, each district's respective Developer agreed to advance funds for the interconnect until such time as funds become available from future bond issues. Charges for water supplied are based upon the charges within each district that would be charged a residential user, provided that water supplied longer than a temporary period shall be at one and one-half times the normal rate. On January 16, 1995, the District executed a First Amendment of Emergency Water Supply Contract with District No. 12. This amendment extends the term of the original contract 20 years, expiring on May 15, 2015. On January 16, 2008, the District executed a Second Amendment of Emergency Water Supply Contract with District No. 12. This amendment established a second point of interconnect between the districts, provides for a well pumpage fee and extends the Contract forty years from May 15, 2015.

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTE 9. EMERGENCY WATER SUPPLY AGREEMENTS (Continued)

Harris County Municipal Utility District No. 284

On January 31, 1986, the District executed an Emergency Water Supply Contract with Harris County Municipal Utility District No. 284 ("District No. 284") and with the respective Developers within each district. District No. 284 agreed to supervise the construction of a portion of the interconnect lines and the meter vault and the District agreed to construct that portion of the line on the District's side of the vault; however, since each district was without available funds for this purpose, each district's respective Developer agreed to advance funds for the interconnect until such time as funds become available from future bond issues. Charges for water supplied are based upon the charges within each district that would be charged a residential user, provided that water supplied longer than a temporary period shall be at one and one-half times the normal rate. The term of this contract is 40 years.

Harris County Municipal Utility District Nos. 127 and 239

On September 24, 1990, the District executed an Emergency Water Supply Contract with Harris County Municipal Utility District No. 239 ("District No. 239") and Harris County Municipal Utility District No. 127 ("District No. 127"). District No. 239 has constructed facilities to connect with the District's facilities. District No. 127 and District No. 239 are responsible for maintenance of the interconnect facilities on a joint basis with each responsible for 50% of any cost. The contract provided for District No. 127 to lend monies to the District for the purpose of activating the District's system in an emergency. Charges for water supplied were to be based upon the charges within each district that would be charged a residential user. The term of this agreement is 40 years.

On July 31, 1995, the District executed a First Amendment to Emergency Water Supply Contract with District No. 127 and District No. 239, effective May 23, 1995. This amendment revised the rates for water provided during an emergency beyond the temporary period at the rate of \$1.06 per 1,000 gallons of water provided.

On November 6, 2002, a Second Amendment to Emergency Water Supply Contract was executed. The Amendment provides for the charge for water during an emergency to be \$0.70 per thousand gallons of water usage. This agreement also makes provision for the cost of water in the situation where the supplying district has to purchase water from another district to meet the emergency demand or if the supplying district is using surface water and the cost of water is higher than the above rate.

Effective May 1, 2004, the District approved the Third Amendment to the Emergency Water Supply Contract. This amendment provided for a second point of interconnect between the water systems of the respective districts. In addition, the amendment provided for a method to estimate flows through the interconnect to the respective districts for future billings.

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTE 9. EMERGENCY WATER SUPPLY AGREEMENTS (Continued)

Harris County Municipal Utility District No. 105

On August 17, 2011, the District entered into an Emergency Interconnect and Interim Water Supply Agreement with Harris County Municipal Utility District No. 105 ("District No. 105"). At the time the agreement was entered into, District No. 105 was pursuing and implementing modifications to its water wells. The design and construction period has been completed and the interim water supply portion of the agreement no longer applies. The agreement now only functions for the purpose of emergency interconnect usage between the districts and any water supplied during an emergency will be billed at a rate of \$1.00 per 1,000 gallons of water used plus any pumpage fee or other regulatory fees imposed on the district supplying the water. The term of this agreement is 50 years.

NOTE 10. WEST HARRIS COUNTY REGIONAL WATER AUTHORITY

The District is located within the boundaries of the West Harris County Regional Water Authority (the "Authority"). The Authority was created under Article 16, Section 59, of the Texas Constitution by House Bill 1842 (the "Act"), as passed by the 77th Texas Legislature, in 2001. The Act empowers the Authority for purposes including the acquisition and provision of surface water and groundwater for residential, commercial, industrial, agricultural, and other uses, the reduction of groundwater withdrawals, the conservation, preservation, protection, recharge, and prevention of waste of groundwater, and of groundwater reservoirs or their subdivisions, and the control of subsidence caused by withdrawal of water from those groundwater reservoirs or their subdivisions. The Authority is overseeing that its participants comply with subsidence district pumpage requirements. The District is required to convert its water supply to surface water over a period of time.

A nine-member board of directors governs the Authority. The directors serve staggered fouryear terms. Each director must qualify to serve as director in the manner provided by Section 49.055 of the Water Code.

The Authority charges a fee, based on the amount of water pumped from a well, to the owner of wells located within the boundaries of the Authority, unless exempted. This fee will enable the Authority to fulfill its purposes and regulatory functions. As of May 31, 2023, the fee being charged is \$3.95 per 1,000 gallons of water pumped from each well. The District recorded expenditures of \$1,970,183 for fees assessed during the year ended May 31, 2023.

NOTE 11. STRATEGIC PARTNERSHIP AGREEMENT

Effective December 20, 2007, the District entered into a Strategic Partnership Agreement with the City of Houston, Texas (the "City"). The agreement provides that in accordance with Subchapter F of Chapter 43 of the Local Government Code and Act, the City shall annex a tract of land defined as the "Subject Tract" for the limited purposes of applying the City's Planning, Zoning, Health, and Safety Ordinances within the Subject Tract within the boundaries of the District.

NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2023

NOTE 11. STRATEGIC PARTNERSHIP AGREEMENT (Continued)

Upon the limited purpose annexation, the City began imposing a Sales and Use Tax within the boundaries of the Subject Tract on the receipts from the sale and use at retail locations therein of taxable items at the rate of one percent or the rate specified under the future amendments to Chapter 321 of the Tax Code. The City pays the District an amount equal to one-half of all Sales and Use Tax revenues generated within the boundaries of the Subject Tract within 30 days of the City receiving the funds from the State Comptroller's office. During the current fiscal year, the District recorded \$375,854 in sales tax revenue from the City, of which \$126,339 was recorded as receivable.

The City agrees that it will not annex the District for full purposes or commence any action to annex the District for full purposes during the term of this Agreement. The term of this Agreement is 30 years from the effective date of the agreement.

NOTE 12. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

NOTE 13. INTERFUND LOANS

As of May 31, 2023, the District recorded interfund payables of \$49,256 in the Debt Service Fund to the General Fund for maintenance tax collections. The Capital Projects Fund also owed the General Fund \$323,925 for capital costs paid in the current year. The General Fund owed the Debt Service Fund \$241,475 for debt service certificate of deposit monies that were deposited into a General Fund bank account.
